REALIGNMENT:

Divisions were realigned with a vote of 14 yes, 1 no, and 4 abstentions. No coaches spoke out with any reasons to not support the alignment. The following changes are proposed:

- Move **Hazel Park** from the Red Division to the White. Hazel Park lost most of the starters and is one of the smallest schools in the league.
- Place **Oxford** in the Red. Oxford wants to be in the red. They have already been competing well with most of these schools.
- Move **Pontiac** from the White to the Blue. Pontiac did not win any league dual meets in the white.

This alignment would give us 8 teams in the red, 9 in the white, and 8 in the blue.

The league schedule will consist of 3 week-night quads and one dual meet (one tri in the white division), which will leave 4 open dates for dual/quad nights. The Oakland County Tournament will continue to be a two-day tournament – the OAA league meet one day – leaving 5 other possible tournament dates to schedule.

RECOMMENDATIONS:

The only issue brought up was the continued concern with the middle school wrestling schedules. The majority of the coaches would like to see more uniform dates throughout the state for the wrestling season – before Christmas.

TOURNAMENT HOSTS:

Red Division: Oxford

White Division: Stoney Creek

Blue Division: Southfield

Oakland County: Oxford is willing to host the two-day portion again.
